

Auto-Vac Electrical Vacuum Pump

The Auto-Vac Pump is a compact electrical pump with excellent vacuum/pressure capability. The pump features a corrosion resistant Noryl pump head which will withstand corrosive gases. The diaphragm is manufactured from Nitrile for extended life. The valves are Teflon® coated and require no lubrication, which provides an oil free discharge. The motor is fully enclosed, brushless, fan cooled and has a thermal overload protection. Intake and discharge connections are 3/8" NPT female. The Auto-Vac Pump is suitable for parts up to 20-40ft² and comes with a one year manufactures warranty.

Physical Properties

Voltage	115v	230v
Free Air Capacity	0.50 cf/min	0.45 cf/min
Maximum Vacuum	20" Hg	20" Hg
Maximum psig	18	18
HP	1/45	1/45
Vac at 60 Hz	115 Ph: 1	230 Ph: 1
Full Load Amps	1.1	0.6
Suitable Application	Parts from 20-40ft ²	Parts from 20-40ft ²

Note: The Auto-Vac Pump comes with a one year manufactures warranty. The Power Cord is provided with the 115V but does not come with the 230V.
